A WORKING TOGETHER WORKS INITIATIVE

What does
poverty look
like in your
area?

How can
we help?

The SC Commission for Minority Affairs wants to hear from you!

We're hosting a series of community conversations across the state in order to better understand what poverty looks like at the local level, and we need your input and feedback.

Through these *Let's Talk* sessions, in connection with our other Working Together Works Initiatives, we hope to build a comprehensive plan that addresses poverty and deprivation in South Carolina.

The SC Commission for Minority Affairs (CMA) is a non-cabinet agency that serves as the single point of contact for information regarding the state's minority population.
